The only thing is that a binder isn't included but they really are not that expensive. A 2 inch binder is good enough.1 of 1 people found the following review helpful. Loose leaf version to put in a 1" to 1-1/2" binder

About the AuthorExploring Biology in the Laboratory is a comprehensive manual appropriate for one- or two-semester introductory general biology lab courses. Clearly-written and engaging activities emphasize the unity of all living things and the evolutionary forces that have resulted in, and continue to act on, the diversity that we see all

around us. Full color, loose-leaf, three-hole drilled, shrink-wrapped.
