Faye Brown : Faye Brown's ICD-9-CM Coding Handbook: with answers (2000, Revised) before purchasing it in order to gage whether or not it would be worth my time, and all praised Faye Brown's ICD-9-CM Coding Handbook: with answers (2000, Revised):

Annual handbook produced in cooperation with the Central Office on ICD-9-CM of the American Hospital Association. Features numerous coding exercises and answers based on case examples, revised codes and guidelines, practical textbook design, and material developed by the AHA's Central Office on ICD-9-CM during the past year.

Softcover, handbook without answers also listed.
