From World Scientific Publishing Company : Fibrocytes in Health and Disease before purchasing it in order to gage whether or not it would be worth my time, and all praised Fibrocytes in Health and Disease:

This volume provides a comprehensive and multidisciplinary overview of fibrocytes, written by the main researchers in the field. It is aimed at a broad audience of scientists and clinicians with an interest in the role of circulating fibrocytes in the etiopathogenesis of different fibrosing disorders, atherosclerosis, autoimmunity, and cancer.
