What Could Possibly Happen When A Beautiful Escapee From A Mental Institution Runs Into Two Hit MenBy Dave WildeCarol Blandish is a violent maniac locked up in a sanitarium, screaming for endless hours. She is also the heir to her grandfather's \$6 million dollar fortune, has brilliant red hair, and a traffic-stopping figure. What happens when she breaks out of the sanitarium? What man could resist giving her a ride? What happens when her path crosses that of a man on the run from the Mob's two deadliest contract killers, the Sullivan brothers? And what about the fact that half the County wants to capture her and take control of her money?This is a terrific thriller by James Hadley Chase that is a crime story, a love story, a tale of brotherly togetherness, and filled with retired circus performers, fortune hunters, and the like. It is solidly written and just filled with action and fights and gun battles. Great fun to read.0 of 0 people found the following review helpful. I'll still say Chase was a great writer and a master of great plotsBy CustomerAlthough I found too many coincidences in the story, for instance how the characters in a far-away city just keep running into each other, end up in the same hospital, meet tragedy on the same street at the same time, mysteriously end up in the same locations at the same time, in three situations meet

coincidentally in the same hotel over and over again, I'll still say Chase was a great writer and a master of great plots.
