Elizabeth Griffin : Fragile X Fragile Hope: Finding Joy In Parenting A Child with Special Needs before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fragile X Fragile Hope: Finding Joy In Parenting A Child with Special Needs:

1 of 1 people found the following review helpful. Just what I needed! By Rebekah Komada I have one son with Fragile X and am a single parent, this book was very encouraging. I read and then passed it onto my Mom. I am always

looking for new information to help my son and myself as we forge through the battle of life with Fragile X. Thank you for taking the time to write your story!
3 of 3 people found the following review helpful. More than just hope
By J. H. Turner
What a joyful, tearful book. Thank you, Elizabeth, for writing the story of life with your dear son, Zach. You have done an extraordinary job nurturing (and portraying) your son. This book is a must-read for any parent in need of more than fragile hope.

Great read

Elizabeth Griffin's son Zack has fragile X syndrome-the most common known cause of inherited mental impairment-and is among the 20 percent of people with fragile X who have autism. Whether you are a parent of a child with special needs or you struggle with unresolved grief, chronic stress, or depression, "Fragile X, Fragile Hope" shows without a doubt that you can survive, and more than survive, you can find your way back to a joy-filled life.
