## Improving Health:

0 of 0 people found the following review helpful. Great Price  
By Brandy Keller  
I ordered this book as a substitute for the more current version and found it had a lot of the similar information that I needed to complete research and group projects. AND it was 1/3 the price!!! Awesome!  
2 of 2 people found the following review helpful. A difficult but valuable read  
By A Customer  
Like many documents from the Federal government, this book is not an easy read. The text is dense, complex, and full of jargon. However, it is critical that those in the area of health policy at any level (local, state, or Federal), cultural competence, or health literacy be aware of this outline of public health policy.

Public health
