I have used it in training new nurses for some time but 4 of the last 5 have indicated that they did not find it met their needs. Was a five out of five stars in it's time. How about an update?

HIV/AIDS Nursing Secrets is a comprehensive look at one of the leading health problems of our times. The question and answer format helps to clarify information that is necessary for anyone involved in the healthcare setting. The book contains a review of statistics and trends both nationally and globally, as well as legal and ethical issues related to HIV/AIDS. It presents in-depth discussions of topics such as diagnostic testing, the pathophysiology of HIV/AIDS, nutrition, opportunistic infections, co-infection with hepatitis C, and adherence. The special needs of vulnerable populations are also examined. Engaging, interactive Q A format Concise answers with valuable pearls, tips, memory aids, and "secrets" All the most important, "need-to-know" questions and answers in the proven format of the highly acclaimed Secret Series Thorough, highly detailed index
