I really love anatomy, and the book was really good and easy to read.0 of 0 people found the following review helpful. Five StarsBy Latasha fentonEasy read0 of 0 people found the following review helpful. This is great bookBy Strafford EngineerPurchased this for my daughter. It was brand new. Book was delivered in perfect condition. It was just like the other kid's books that cost twice as much.

Learn. Practice. Assess. Hole's Human Anatomy and Physiology was created for the introductory level student and assumes no prior science knowledge by placing emphasis on the fundamentals. This new edition updates a great AP classic while offering greater efficiencies to the user. The format for the 13th edition focuses on Learning Outcomes

and Assessments. This will benefit the student along with the instructor.
