1 of 1 people found the following review helpful. Another great Kelton bookBy Thomas F.Another great Kelton book. A departure from his usual last 1/2 19th century cowboy settings. He shows a great deal of knowledge of the 1920's oil boom and the society it sculpted. Really a good read.1 of 1 people found the following review helpful. great book.By dan cummingsanother great story of texas by a great author. he write about common people who are the real heros.
