**Elaine N. Marieb : Human Anatomy and Physiology, 8th Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Human Anatomy and Physiology, 8th Edition:

2 of 3 people found the following review helpful. Human Anatomy and Physiology, 8th EditionBy Patricia A. BarclayThis book is extremely well researched and written. Having once owned a previous edition, I am familiar with it's excellence. It is a thorough study tool for a difficult subject. The pictures are helpful in lab classes. It makes it more understandable to the lay person. For those who will go on to become either doctors or nurses, it is a wonderful addition to a reference library.0 of 1 people found the following review helpful. Five StarsBy kizzyAll I can say is very good very good no complains

used but still good, no highlight or any written words on any page, no bent, 100% good quality.
