Super fast shipping excellenct prices!!By Kelsey TaylorVery fast shipping, item exactly as desribed, if I would have got this book through my college it would have been \$100.00 more very happy with price!! Will order from seller again. Highly recommend! Thank you so much!!1 of 1 people found the following review helpful. One StarBy J.RomansTerrible book, not easy to read at all.1 of 1 people found the following review helpful. Not a good buy if using online codeBy CustomerI was not at all happy that the code for online didn't match the class it was registered to. I tried to solve the problem with and it would have taken over 3 weeks into the semester to fix. I ended up ordering the same book from the publisher.

NOTE: You are purchasing a standalone product; MasteringAP does not come packaged with this content. If you would like to purchase both the physical text and MasteringAP search for ISBN-10: 0805382941/ISBN-13: 9780805382945. That package includes ISBN-10: 080538295X/ISBN-13: 9780805382952 and ISBN-10:

0134014820/ISBN-13: 9780134014821. MasteringAP should only be purchased when required by an instructor. For 2-semester Anatomy Physiology Courses Built for the Way Today's Students Learn Human Anatomy Physiology takes a learner-centered approach to help today's AP students grasp key concepts in anatomy and physiology, and apply these concepts to understand how the human body works. Amerman uses just-in-time coaching, focused and uncluttered visuals that show one-concept-at-a-time, rich self-assessments, and author-narrated animations and videos to provide students the help they need when they need it most. The text's approachable style and wide variety of online learning tools for today's on-the-go student makes AP accessible for all learners: visual, kinesthetic, or auditory. Also Available with MasteringAP This title is also available with MasteringAP an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. Students, if interested in purchasing this title with MasteringAP, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.

About the Author Erin C. Amerman, Florida State College at Jacksonville Erin Amerman teaches anatomy and physiology at Florida State College at Jacksonville. She has been involved in anatomy and physiology education for more than 14 years as an author and professor. She received a B.S. in cellular and molecular biology from the University of West Florida and a doctorate in podiatric medicine from Des Moines University.
