Ian Tizard : Immunology: An Introduction before purchasing it in order to gage whether or not it would be worth my time, and all praised Immunology: An Introduction:

2 of 2 people found the following review helpful. Immunology student for one year runing. By A Customer After carefully reviewing this book for almost a year, I find that it it pretty good for beginners. Although, when you inspect carefully later chapters there is a fault in continuity. The simplysity and completeness of the first chapters are somewhat lost throughout the book. One more thing, the lack of a comprehensive webpage and all its benefits leaves wanting a more personal touch in this material.

This immunology text provides an overview of the subject.
