Really recommend it for Biochemistry, cell biology, pre-meds, medical students.0 of 0 people found the following review helpful. Five StarsBy CococatGood read2 of 3 people found the following review helpful. Immunology, 5th EdBy PannoneGreat book. If you are taking a course using this book, make an acronym note book right away.

The new edition of the acclaimed bestseller, always praised for offering cutting edge material in the context of landmark experiments, in a student friendly format built on pedagogy not usually found in immunology texts.
