It's smaller than a standard sized textbook. 0 of 1 people found the following review helpful. Five Stars By faisal ahmad The book come as brand new 1 of 1 people found the following review helpful. Amazing simplified explanation of inflammation!! good read. By M. Truly amazing explanation of the inflammation process. It is an easy read and an excellent review for medical and dental students, post docs who are pursuing board examinations. It is also a good refresher read for any medical or dental personnel. I recommend the book!

This fifth edition includes a clinical-connections section and new illustrations. With backgrounds in pathology and education, the authors create a self-study approach, with self-tests strategically placed for quick review.
