John P Harley : Laboratory Exercises in Microbiology - Standalone book before purchasing it in order to gage whether or not it would be worth my time, and all praised Laboratory Exercises in Microbiology - Standalone book:

Laboratory Exercises in Microbiology, tenth Edition was designed and written to be directly correlated to Prescotts Microbiology, tenth Edition, by Joanne M. Willey, Linda M. Sherwood, and Christopher J. Woolverton. The class-tested exercises are modular to allow instructors to easily incorporate them into their course. This balanced introduction to each area of microbiology now also has accompanying Connect content for additional homework and assessment opportunities.

About the AuthorJohn Harley teaches Anatomy Physiology and General Biology at Eastern Kentucky University, Richmond, KY and is also co-author of Prescott/Harley/Klein Microbiology and the ASM Microbial Telecourse Study

Guide.
