Joanne Willey, Linda Sherwood Adjunct Professor Lecturer, Christopher J. Woolverton Professor :
LearnSmart Standalone Access Card for Prescott's Microbiology before purchasing it in order to gauge whether or not it would be worth my time, and all praised LearnSmart Standalone Access Card for Prescott's Microbiology:

0 of 1 people found the following review helpful. Didn't WorkBy ShellIt took weeks to ship, and when it finally came in it didn't work.

The author team of Prescott's Microbiology continues the tradition of past editions by providing a balanced, comprehensive introduction to all major areas of microbiology. This balance makes Microbiology appropriate for microbiology majors and mixed majors courses. The authors have introduced a number of pedagogical elements designed to facilitate student learning. They also remain focused on readability, artwork, and the integration of several key themes (including evolution, ecology and diversity) throughout the text, making an already superior text even better.

About the AuthorChristopher J. Woolverton is Professor of Biological Sciences at Kent State University, Ohio.Linda

M. Sherwood is a member of the Department of Microbiology at the Montana State University. Johanne M. Willey is Full Professor at the Hofstra University in Long Island, New York.
