Obert Skye : Lost Found: Witherwood Reform School before purchasing it in order to gage whether or not it would be worth my time, and all praised Lost Found: Witherwood Reform School:

0 of 0 people found the following review helpful. Odd Creatures, Strange pudding, and Secret PassagewaysBy Joy the ReviewerWhile lost in their Marvin-mindset, Tobias and Charlotte are attacked in their room by a creature who supposedly protects the Witherwood grounds. Soon after Charlotte is whisked off to the girls dormitory leaving Tobias imprisoned in his confining cot accommodations. However, Tobias stumbles upon his secret notations and injures himself out of Marvins mental hold. With a clear head, Tobias searches for his sister and a way out.Lost Found in Skyes Witherwood trilogy will have readers rolling on the floors with laughter but glued to their seats in nail-biting suspense. Skyes brilliantly quirky narration at chapter beginnings may be hilarious, but these nuggets of insight do two

things: foreshadow events for Tobias and Charlotte and give empowering advice to young readers. Skye exacerbates the story's tension by making Tobias and Charlotte pretend to be submissively clueless kids as they secretly gather clues to comprehend Marvin's demonic scheme. But behind the humor and adventure, there is also real heart to Skye's story regarding the Eggers family. Anger, loss, and misbehavior may have driven them to fall apart in Book 1, but the foundational love of being a united family drives each to find one another again, no matter the odds. A magnificently written series no reader should pass up. (Review found at Children's Compass Chronicle: childrenscompasschronicle.blogspot.com) 0 of 0 people found the following review helpful. This middle grade fantasy is full of intense suspense and humor a fantastic mix. With engaging characters By SciFiChick Tobias and Charlotte have lost their memories as their father has as well. But as Mr Eggers searches for clues to his past, Tobias discovers clues he left for himself. Meanwhile, the school is attacked by its own protectors. But all is not lost, as there is a small group of children who have recovered their minds and looking for answers and a way out. Lost Found is the second installment in the Witherwood Reform School series. This middle grade fantasy is full of intense suspense and humor a fantastic mix. With engaging characters, a creepy boarding school, and clever world play, this series is incredibly entertaining. As more of the school's secrets are revealed, the suspense grows to a big finale with several cliffhangers. The next in the series can't come fast enough. *Previously posted at SciFiChick. 1 of 1 people found the following review helpful. I enjoyed it very much By Kathleen This book is well written and even though I'm an adult, I enjoyed it very much. I read it first and then gave it to my grandson to read. He is 8. He is loving it very much. I can't wait to talk about the book with him and to read the next one in the series.

Tobias and Charlotte Eggers are not on vacation. Well, I suppose they are on a vacation from everything they once knew. Locked within the walls of Witherwood, high upon a mysterious mesa, they are still looking for a way out. There are distractions, however. The very ground is shaking, and the creatures that protect the school are revolting. When one of their only friends goes missing it leads to a devastating secret. But there is hope. There are other students who have clear minds and are also fighting to get out. Luckily for everyone, Tobias has a plan. It's a dangerous one, but if it works, it could forever change their fate and Witherwood's future.

From School Library Journal Gr 4-7 Siblings Tobias and Charlotte are still trapped in the Witherwood Reform School and are struggling to free themselves from the mind control inflicted upon them in the prior novel. Along the way, Tobias breaks the cycle of mind control and does everything he can to rescue Charlotte from the dormitory she's trapped in and get them out of the school unscathed. Readers who enjoy a bit of sarcasm with their adventure will eat this series up. Comparisons to Lemony Snicket are valid and makes this a great read alike to his many popular series. The events from Tobias Charlotte's previous venture are filled in when necessary although new readers may be initially confused as this installment starts immediately after the end of Witherwood Reform School. This is refreshing fantasy series instilled with dark humor that sets it apart from others in the genre. "Skye keeps the misadventures coming as Tobias deals with the odd personalities of his fellow students and captors . . . Another suspenseful romp for kids who like dark humor." -Kirkus s Skye's old-fashioned, witty writing style and amusing humor is the perfect fit for fans of the Spiderwick Chronicles and A Series of Unfortunate Events series. Booklist on Witherwood Reform School A brother and sister find themselves trapped in a frightening school that threatens to destroy their minds in this dark comedy. . . Skye writes very much in the same vein as Lemony Snicket, with menacing dark humor and outlandish characters. Kirkus s on Witherwood Reform School In this Snicketesque series opener, Skye crafts an imaginative, absorbing tale in which nothing is as it seems. Publishers Weekly on Witherwood Reform School About the Author Obert Skye is the author and illustrator of the Creature from My Closet series: Wonkenstein, Potterwookiee, Pinocula, and Katfish. He has also written the bestselling children's fantasy adventure series Leven Thumps and Pillage. He currently lives indoors and near a thin, winding road with his family. Keith Thompson is the award winning illustrator of the New York Times bestselling Leviathan trilogy by Scott Westerfeld. He has designed many video games, such as Borderlands and Warframe, as well as projects for director Guillermo Del Toro, including the feature films Pacific Rim and Crimson Peak, and the television series The Strain. When not traveling around the world, Keith lives in Ottawa, Canada, where he is often seen carrying piles of books between his library and studio.
