In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab Mastering products. Used by over a million science students, the Mastering platform is the most effective and widely used online tutorial, homework, and assessment system for the sciences. This is the product access code card for MasteringAP with Pearson eText and does not include the actual bound book. Anatomy Physiology, Fifth Edition answers the demand for a leaner version of Elaine Marieb and Katja Hoehns top-selling Human Anatomy Physiology while maintaining its trusted, accurate approach. This streamlined text excludes coverage of pregnancy human development, heredity, and the developmental aspects of body systems, while maintaining coverage of key AP concepts. Marieb draws on her career as an AP professor and her experience completing her nursing education; Hoehn utilizes her medical education and award-winning classroom instructiontogether, they explain anatomy physiology concepts and processes in a meaningful and memorable way. The new Fifth Edition makes it easier for you to learn key concepts in AP by presenting information in smaller and more digestible bites, making it easier to distinguish key concepts from supporting details. Additionally, the Fifth Edition seamlessly integrates accompanying technology into the book for a completely integrated learning system. Plus: All text and art features are now assignable in MasteringAP, providing professors with an easy way to give their students extra help on important topics. New At the Clinic case studies help you to learn by applying your knowledge of AP to clinical situations.
