Elaine N. Marieb : MasteringAP with Pearson eText -- Standalone Access Card -- for Essentials of Human Anatomy Physiology (10th Edition) (Mastering AP (Access Codes)) before purchasing it in order to gage whether or not it would be worth my time, and all praised MasteringAP with Pearson eText -- Standalone Access Card -- for

Essentials of Human Anatomy Physiology (10th Edition) (Mastering AP (Access Codes)):

1 of 1 people found the following review helpful. better than the text bookBy Savannah Hulsopplenot only does the mastering ap come with a digital version of the text, so if you really wanted to read it you could without buying anything but this access code, it also comes with study tools, like animations and quizzes and such. You can do your homework on here and it explains everythign extra well, with checkups in eveyr chapter and even a section to help with lab things if you are also in a lab class.for college students who have to buy the textbook and the access code, just buy the access code because it comes with a digital version of the book for free!!3 of 3 people found the following review helpful. Please read review before you buy!!!!By CustomerThis was suggested for me by when I was trying to buy the online access for a different book. was REALLY great as far as the return went, though, so it's not completely messed up. I just hope that you pay attention to what book you need access to because the website won't allow you to use the access code if your teacher has set up access for a different book. Product is fine, but it can be confusing and their tech support is not the best. Good luck.0 of 0 people found the following review helpful. Wrong descriptionBy CustomerBought for a class and it was the completely the wrong one. No way to return it. Very upset as it was a waste of \$60 and I STILL need access to the it.

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab Mastering products. Packages Access codes for Pearson's MyLab Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. --
