The Access code has an e-book!!! Thank you for coming through because I didn't have the money and really need this class for my degree so I can get out of this dead end job!!! The code worked, I had no problems at all. When you buy these just be sure to read it is New or

Used and if your unsure just ask the seller before you buy.1 of 1 people found the following review helpful. ScamBy Regina B. LydonThe access code has already been used despite the item being "new."
