Viktor V. Ivanov, Natalya V. Ivanova : **Mathematical Models of the Cell and Cell Associated Objects, Volume 206 (Mathematics in Science and Engineering)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mathematical Models of the Cell and Cell Associated Objects, Volume 206

(Mathematics in Science and Engineering):

This book gives the reader a survey of hundreds results in the field of the cell and cell associated objects modeling. Applications to modeling in the areas of AIDS, cancers and life longevity are investigated in this book. Introduces and proves fundamental properties of evolutionary systems on optimal distribution of their various resources on their internal and external functions Gives detailed analysis of applications to modeling AIDS, cancers, and life longevity Introducing and grounding the respective numerical algorithms and software Detailed analysis of hundreds of scientific works in the field of mathematical modeling of the cell and cell associated objects
