Mikel Rothenberg : Mechanisms of Disease: Pathophysiology A Plain English Approach before purchasing it in order to gage whether or not it would be worth my time, and all praised Mechanisms of Disease: Pathophysiology A Plain English Approach:

1 of 1 people found the following review helpful. GI studyBy lasandersThe first thing I noticed about this book is that it came in large print. As I age, my eyesight is getting worse and this was perfect sized type for me. This book is full of information I will be able to use during my next seminar, and throughout my practice as a Registered Nurse working in a Med/Surg setting. This book is easy to read for the new medical professional, yet gets detailed for the more advanced practitioner.
