**Bastian M. Seidel, Stefan Gruene, Michael Borte : Medical Classifications Pocket** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Medical Classifications Pocket:

Pocket-sized quick reference guide offers medical scores, criteria, and classification systems to help enable the clinician to predict outcome, stratify risk, assess conditions, and diagnose diseases accurately. Includes practical scores, evidence-based criteria, and complex algorithms simplified whenever possible. For clinicians and residents.
