**ZhenyuDu, Maozhu Jin : Medical Engineering and Bioinformatics (WIT Transactions on Biomedicine and Health)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Engineering and Bioinformatics (WIT Transactions on Biomedicine and Health):

A collection of papers presented at the 2014 International Conference on Medical Engineering and Bioinformatics (MEB 2014) held in Wuhan, China are contained in this book. MEB 2014 was a forum for the presentation of new research results and demonstration of new systems and techniques in the broad field of medical engineering and bioinformatics. These proceedings bring together the latest work of researchers and developers from around the world to share state-of-art results, to explore new areas of research and development, and to discuss emerging issues facing these important topics. Topics covered relate to the fields of Preclinical Medicine; Clinical Medicine; Modern Medicine and Techniques; Oral and Dental Sciences; Bioinformatics.
