From Brand: CRC Press : Metal Ions in Biological Systems: Volume 36: Interrelations Between Free Radicals and Metal Ions in Life Processes before purchasing it in order to gage whether or not it would be worth my time, and all praised Metal Ions in Biological Systems: Volume 36: Interrelations Between Free Radicals and Metal Ions in

Life Processes:

Continues the tradition of excellence established in previous volumes in this acclaimed series. Volume 36 focuses on the vibrant research area concerning the interrelation between free radicals and metal ions and their resulting effects on life processes; it offers an authoritative and timely account of this fascinating area of research in 21 chapters.

This book will be of great interest to all interested in the role of metal ions in biology.---Applied Organometallic Chemistry Journal . . .recommend[ed]. The editors deserve congratulation in selecting a first-rate group of authors and getting them to deliver.---Free Radical Research
