Eugene,.. Nester : Microbiology: A Human Perspective 7th Edition by Nester, Eugene, Anderson, Denise, Roberts, Jr., C. Evans [Hardcover] before purchasing it in order to gage whether or not it would be worth my time, and all praised Microbiology: A Human Perspective 7th Edition by Nester, Eugene, Anderson, Denise, Roberts, Jr., C. Evans [Hardcover]:

Explains everything very wellBy AH AdamsGreat text!! I am working through Microbiology through the University of New England, and the text has been fantastic at explaining everything I need to know. I purchased this through Lagertha, who was a great seller.2 of 2 people found the following review helpful. Decent bookBy motherof2I rented this book last semester and it contained a lot of good information. It also broke down Microbiology in a way that made it easier to understand. I followed this book first instead of the notes my professor wrote down and usually did pretty good on the test.
