**Robyn E O'Hehir FRACP PhD FRCPath, Stephen T Holgate MD DSc FMedSci, Aziz Sheikh : Middleton's Allergy Essentials, 1e** before purchasing it in order to gage whether or not it would be worth my time, and all praised Middleton's Allergy Essentials, 1e:

For decades, health care practitioners have relied on Middletons Allergy as their go-to reference for comprehensive information on allergic disorders. Now Middletons Allergy Essentials, by Drs. Robyn E. O'Hehir, Stephen T. Holgate, and Aziz Sheikh, offers a concise resource thats both easily accessible and highly authoritative. Perfect for clinicians in primary and secondary care settings, this practical volume covers what is most useful in your daily practice, with a strong emphasis on disease diagnosis and management.A practical approach to evaluation, differential diagnosis, and treatment of allergic disorders, focused specifically on what the non-specialist needs to know for everyday practice.

Each chapter begins with a handy summary of key concepts to help you quickly identify important information. Coverage of today's hot topics includes asthma, drug allergies, food allergies and gastrointestinal disorders, anaphylaxis, atopic dermatitis, and allergic contact dermatitis. Concise sections on mechanisms are included where relevant, keeping you up to date with this rapidly evolving field. Authored by the same internationally recognized experts that produce *Middletons Allergy*, the definitive text in the field. Ideal for physicians, residents, general and family practitioners, nurse practitioners, primary care doctors, hospitalists, general internists anyone who is called upon to make effective diagnostic and treatment decisions regarding allergic disorders.

"This is a concise but comprehensive book with practical information on allergy. It balances basic science and clinically useful content quite well. It reviews common topics and discusses up-to-date treatment modalities." -Heather Huang, MD (University of Wisconsin School of Medicine and Public Health) Doodys Score: 92 4 Stars! About the Author Professor of Primary Care Research and Development and Co-Director, Centre of Medical Informatics, The University of Edinburgh, UK Areas of expertise: Allergy and Respiratory Medicine; eHealth; Patient Safety; and Ethnicity, Religion and Health.
