**H. Joachim Deeg, D.T. Bowen, S.D. Gore, Torsten Haferlach, M.M. Le Beau, Charlotte Niemeyer :**  
**Myelodysplastic Syndromes (Hematologic Malignancies)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Myelodysplastic Syndromes (Hematologic Malignancies):

This book summarizes our current knowledge of MDS, from very basic aspects to the clinical management. It provides guidance to the diagnosis, an understanding of disease mechanisms, and a discussion of treatment strategies.

..."All of these chapters are very informative and contain carefully compiled lists of references. The contributors have fully achieved their stated goal of providing students, physicians, and other health care professionals with comprehensive, up-to-date information on the myelodysplastic syndromes." N Engl J Med 355:3
